

➤ AXIS

ADAPTABLE PROTECTION

Axis has a hybrid design, with detachable arms, that allows it to convert into goggles via attachable straps. Articulating temples provide a natural and comfortable fit, while foam gaskets mitigate eye exposure to dust and particles while providing added cushioning. The anti-scratch and anti-fog polycarbonate lenses are impact resistant and durable. Available in Black and Hi-Viz Yellow frame colors. Individually packaged in vend ready polybags.

PRODUCT FEATURES:

- Anti-Scratch & Anti-Fog
- Articulating Temples
- Removeable Arms
- Foam Gasket

TECHNICAL INFORMATION:

- ANSI/ISEA Z87.1
- CAN/CSA Z94.3
- 99% UV Protection
