

360° CUT LEATHER ARC

ILD-FR

ARC FLASH PROTECTION

Traditional & modern materials for arc flash protection in electrical utility & related industry. Flame retardant goatskin leather & DuPont™ Kevlar® thread construction are durable & comfortable. Heat & cut resistant inner liner keeps hazards at bay.

TECHNICAL INFORMATION:

<p>EN388:2016 3X42F</p>	<p>ANSI 105 CUT A6</p>	<p>ANSI 105 ABR 4</p>
<p>ANSI 105 PUN 3</p>	<p>ANSI 105 HEAT 3</p>	<p>ARC 4 47Cal/cm</p>

PRODUCT FEATURES:

- Flame Retardant Goatskin Leather Construction
- 360° Cut A6 Protection Heat Resistant Para-Aramid Liner
- Stitched with Aramid Thread
- Arc Flash Protection Tested in Accordance with ASTM F2675/F2675M-22 & Provide an ATPV Value of 47.1cal/cm²

INDUSTRIES:

Electrical Utilities, Maintenance, Manufacturing, Search & Rescue, Fabrication, Heavy Industry
